AI for Restoration Contractors — 4 Claude Skills ($29 Square zip or free manual copy on the page) runs in any Claude account with Projects: **Free ($0, up to 5 Projects)** for solo estimators testing one shop workflow, **Pro ($20/mo, $17/mo annual)** for heavy daily claims drafting, or **Team Standard ($20/seat/mo annual / $25 monthly)** for multi-PM shared Projects. See **tygartmedia.com/claude-ai-pricing/** and **claude.com/solutions/small-business**.

1. Core Four-Skill Restoration Stack

- **Skill 1 — Scope Narrative:** Turns Xactimate line items and field notes into plain-English, adjuster-ready sequences.
- **Skill 2 — Insurance Correspondence:** Itemized supplement requests, documented coverage disputes, and delay notices.
- **Skill 3 — Homeowner Updates:** First-hour expectations, weekly progress, change orders, and completion close-out.
- **Skill 4 — Referral Outreach:** Peer-to-peer emails for realtors, property managers, plumbers, and roofers (<120 words).

2. Three Project Files to Upload First

- **Company Context Sheet:** License numbers, IICRC certifications, service area, warranty terms, and crew standards.
- **Loss Type Reference:** Your shop's standard process and typical timelines for water, fire, mold, storm, and biohazard.
- **Adjuster Communication Standards:** Carrier documentation rules, supplement philosophy, and human sign-off rules.
