Consultants reclaim non-billable hours on SOWs, synthesis memos, deliverable structures, and meeting prep using firm Projects. Run **Pro ($20/mo; $17 annual)** or **Max ($100) / Ultra ($200)** solo, or **Team Standard ($20 annual / $25 mo) / Premium ($100/$125)** for multi-partner boutiques with zero training by default (claude.com/solutions/small-business).

1. Five High-Leverage Consulting Deliverables

- **Proposals & SOWs:** Feed 2–3 sanitized winning proposals into a Project; turn discovery call notes into crisp scope & fee drafts.
- **Research Synthesis:** Drop 1M-context batches of earnings calls, reports, and client interviews for structured strategic memos.
- **Deliverable Drafts & Decks:** Lock section flow, transitions, and slide-by-slide outlines before your analysts polish charts.
- **Meeting Briefings:** Summarize 20 pages of pre-reads into stakeholder stakes, red flags, and 5 diagnostic questions.

2. Practice Setup & MSA Privacy

- **Two-Hour Foundation:** Store methodology, voice rules, and sanitized examples once — inherit across every future engagement.
- **Client Confidentiality:** Strip names in standard chats; mandate Team or Enterprise retention/zero-training terms under client MSAs.
