Claude Student Discount & Education Pricing (2026)

Edition of November 13, 2026 — facts verified November 13, 2026. Current edition always at https://tygartmedia.com/claude-student-discount/.

Direct Answer (13 November 2026): There is no public individual Claude Pro or Claude Code student coupon. If your university is on **Claude for Education**, sign in at claude.ai with your school email. **Claude for Teachers** is the separate K–12 educator program (free for verified U.S. K–12 educators through July 30, 2028) — not the campus student plan. Consumer dollars stay on the pricing desk. Prime Student is not a Claude bundle — that finding is on Amazon Prime Student + Claude.

No-coupon finding and consumer seat prices verified 13 November 2026. Campus Ambassador, Builder Club, Console credit, and GitHub student-pack rows were not re-read on this date.

Are you a student or faculty member at an eligible institution?

Anthropic partners directly with accredited colleges and universities to offer **Claude for Education** at zero cost to students.

Check eligibility / claim the student discount at Anthropic →

How it works:

1. **Check partner status:** Visit Anthropic's Claude for Education portal to see if your college or university has an active institutional deployment.
2. **Sign in with school credentials:** Navigate to claude.ai and log in using your official `.edu` email address (via your campus SSO / Google Workspace).
3. **Automatic provisioning:** If enrolled, your account automatically unlocks premium Claude features (including Claude Code and Learning Mode) with **$0 student cost**.
4. **If your school isn't enrolled:** Individual promo codes do not exist; students can use the permanent $0 Free tier at claude.ai or have faculty contact Anthropic education sales.

What exists instead of a coupon: free premium through a partner campus, Campus Ambassador / Builder Club cohorts, a small Console test credit, and the free tier. Coupon-site codes and shared-account resellers are not routes.

The routes

Route	Who	What you get	Student cost
Claude for Education →	Partner university students, faculty, staff	Premium features, Learning Mode, Claude Code via the institution	Free to the student

Builder Clubs	Club members	Pro + monthly API credits	Free when a cohort is open
Console test credits →	New console accounts	"A small amount" — Anthropic does not publish a dollar figure	Free, one-time
Free tier (claude.ai) →	Anyone	Chat, search, files, code execution, connectors	$0

Not a discount

- No Anthropic-issued "student % off Pro" code. The Pro plan Help Center article, re-read 5 November 2026, says Anthropic does not offer standard discounted pricing on paid plans.

- Do not buy a shared Pro/Max login.
- Amazon Prime Student does not include Claude Pro.

Claude Code student queries

Claude Code rides the same seat as Pro / Max / Team / Education. There is no separate Code student SKU. If the school provisions Education, Code is part of that seat. Otherwise pay the consumer plan on the pricing desk.

GitHub Copilot path

Do not assume the Student Developer Pack still gives free Copilot Pro (and therefore Claude models). GitHub paused several student Copilot sign-ups in 2026. Check GitHub Education the day you apply.
